EDUCATION

Bachelor of Technology — Electronics & Communication Engineering 2021–2026
VNIT Nagpur

PROJECTS

AWS CI/CD Portfolio Deployment — S3 & GitHub Actions Sep 2026

- Deployed a portfolio website on Amazon S3 with static website hosting.
- Built a GitHub Actions CI/CD workflow using YAML to automatically deploy updates to S3 on every push to the main branch.
- Configured AWS IAM permissions and GitHub Secrets for secure GitHub-to-S3 authentication and automated file synchronization.

End-to-End SQL Data Cleaning & Exploratory Data Analysis Jul 2026

- Cleaned and standardized a global layoffs dataset by removing duplicates, handling missing values, and fixing inconsistencies.
- Performed EDA using JOINS, CTEs, window functions, and aggregations to identify industry, company, and yearly trends.
- Generated data-driven insights through SQL analysis to support decision making.

Data Jobs Salary Dashboard — Power BI Jul 2026

- Built an interactive dashboard comparing data analyst salaries and cost-of-living across countries using a real-world dataset.
- Used Power Query and Star Schema modeling with DAX measures for median salary and purchasing power analysis.
- Added maps, drill-throughs, slicers, and bookmarks for interactive data exploration.

Interactive Sales Dashboard — Excel Apr 2026

- Built an interactive sales dashboard using Pivot Tables, Pivot Charts, and Slicers to analyze sales, profit, products, and payment trends.
- Cleaned raw data and automated monthly KPI reporting with dynamic formulas, reducing reporting time by 30%.

EXPERIENCE

Data Assistant — Remote Support, VNIT Nagpur Dec 2022 – Apr 2023

- Managed academic records for 100+ students using Excel, ensuring accurate faculty reporting.
- Automated attendance and performance reporting using formulas, conditional formatting, and data validation.
- Developed dynamic dashboards to consolidate student performance data for quicker academic decision-making.

SKILLS

Programming & Databases: Python (Pandas, NumPy), MySQL, VHDL, DBMS, ETL

Data Analytics & BI: Advanced Excel, Power BI, Tableau, Data Cleaning, Data Visualization, EDA

Cloud & DevOps: AWS, Amazon S3, EC2, IAM, VPC, RDS, Lambda, CloudWatch, CloudFront, Route 53, AWS CLI, GitHub Actions, CI/CD, Linux Fundamentals, File System Navigation, File Permissions, Shell Commands, Shell Scripting Basics, Linux Networking, Git/GitHub, MS Office, Google Workspace, YAML

Soft Skills: Communication, Problem Solving, Analytical Thinking, Attention to Detail, Client Relationship Management, Organizational Skills
